

MORNAS KU NGHUNI NGHUNIDÚRAS

Whispering is like being water and knowing that a powerful force is found hidden in subtlety. Simply tune the ear, shake off all that noise pollution has stunned us; just listen, without trying ...

It is the most direct route for all that beauty to get to the soul.

Direct and accurate way.

MÛ MBANA & CRISTOBAL MONTESDEOCA

SANTANTONI [Toni Osvaldo]

NHU GUADIANA [Mû Mbana]

Mû Mbanda is allied with Cristobal Montesdeoca to offer their particular (re) vision of those songs that have accompanied him throughout his life, a tribute to his teachers... a repertoire with the works of some of the most celebrated composers of Guinea Bissau, like Jose Carlos Schwarz, Armando Salvaterra, Toni Osvaldo , Tunu or Aliu Bari as well as elements of own authorship.

Mû's voice comes as a whisper, like a light breeze at dawn. It is a choice that goes beyond aesthetic taste, sing from what's small, go for what's subtle, it is an act of courage. Claim a personal way of making music.

Cristóbal, meanwhile, knows how to accompany this delicate experiment with splashes of colour from deep listening to a pianist who knows how to give rise to that voice. It is a personal and unique talent, about taste and especially about the always attentive and successful.
